

THE ERASMUS+ PROJECT SIMPL4ALL IS LAUNCHED!

The European project SIMPL4ALL, funded by the Erasmus + program on inclusive learning, has started. The project, which lasts 30 months, is led by ENAIP FVG and as partners: Fondazione Progetto Autismo FVG, Cuorementelab Impresa Sociale, Lebenshilfen Soziale Dienste, Zavod Risa, Les Apprimeurs, Logopsycom and the Instituto de Tecnicas Educativas -ITE of Madrid.

The meeting, finally in attendance, took place "on the move", between the regional headquarters of ENAIP in Pasiand di Prato (UD) and the headquarters of Progetto Autismo Home Special Home in Feletto Umberto (UD).

SIMPL4ALL, reversing the paradigm of special education, claims that NOT THE NEEDS, BUT THE PEOPLE ARE SPECIAL. We are all special, nobody excluded. Everyone has the right to satisfy the need to learn, interact and feel good, according to his/her capabilities.

SIMPL4ALL staff, a group of researchers, project managers and coordinators, trainers and experts in social inclusion of Austria, Belgium, France, Slovenia, Spain and Italy, under the colorful INCANTESEMAS mural of the Progetto Autismo FVG Foundation, during the first transnational project meeting.

● Project aims

Enhance and make the VET system more attractive, transforming it from a "second chance" to a land of opportunities for all.

The project carries out three main types of coordinated interventions:

- 1. Upskilling** for teaching and support staff, with the use of more participatory methods and the enhancement of "learning mediators".
- 2. Stimulation** of the use of digital technologies, through open, accessible and inclusive "user-centred" resources, enhancing their potential for teaching/learning.
- 3. Promotion** of networking, locally with Services, Associations, Families, and internationally, through the sharing and exchange of protocols and best practices, to face educational challenges and the digital transition.

The project officially started in **January 2022**. The end is fixed for **July 2024**.

● What we will do

MEETINGS, TRAINING AND EVENTS

#April 2022	Kick off Meeting in Friuli Venezia Giulia at Pasi di Prato (Italy) Group set-up with the presentation of the Action Plan, The Quality Plan and the Communication Strategy
